\$5,000 Fire at Durand.

A fire originated in a bakery at Durand, Wednesday, and before it could be extinguished five stores had been burned with most of the contents, the loss being about \$5,000. It was at first supposed that the fire was started by tramps, twelve of whom, some desperate characters, were arrested by a Grand Trunk detective during the day. They had revolvers, dynamite and some burglar tools, jimmies, drills, etc. These arrests will probably keep tramps away from Durand for a while, the town having been overrun for some months.
